

Photo of Existing Conditions
San Juan Generating Station SCR Project

Photo Simulation of Units 1-4 SCR Retrofit
San Juan Generating Station SCR Project

Reasonable efforts to provide an accurate visual simulation have been made. However, this computer-generated rendering should be considered an approximate representation of how the proposed facilities could appear. Prepared by PNM, November 29, 2011. Based on Sargent & Lundy SCR Modification Study drawings dated June 2011.
